

## Delicate/ Wool and Silk

AlmaWin cleaning products are convincing through best quality regarding protection of the environment, dermatology and efficiency. Our ecological ingredients are very skin mild and gentle to the skin and they are successfully dermatologically tested. Our ingredients are based on raw materials of vegetal and mineral origin – if available certified organic. AlmaWin renounces on synthetical colorants, perfums and preservatives, on petrochemical ingredients and on nanotechnology. Genetic engineering is of course a no-no, too. All ingredients are bio-degradable and of natural origin.

### Ingredients:

<5% nonionic surfactants (saccharoidal surfactants), anionic surfactants (vegetal fatty alcohol sulphates), perfums (essential lavandin oil\* and lavender oil\*), linalool. \*certified organic. Further ingredients: water, ethanol, sodium chloride, vegetal fatty acid monoglycerides, lactic acid, wheat proteins.

100% of the ingredients are of natural origin.

### Characteristics:

Wheat proteins protect delicate natural fibres. Our delicate detergent washes gently without soap, with a scent of lavender for pleasant freshness. Highly concentrated detergent.
